TONOPAH DIVIDE SELLS AT \$2.95

Divide stocks are carrying the market along in a perfect frenzy of speculation owing to the rapid advance of Tonopah Divide which has scored a gain of \$1 a share in the course of a week. This was due to the remarkable value held in the mines ledge which is said to have reached a width of 21 feet and not showing any abatement of value. This afternoon Tonopah Divide sold at \$2.95 in a buyer with sales of 10,000 shares on the morning board and 4200 on the afternoon Gold Zone, which has shared the advance, softened a trifle while Divide held strong and Hasbrouck went to 22. In the opinion of those acquainted with the geology of the Divide district the Hasbrouck is likely to pick up the rich ledge as it is headed directly for that property. The Manhattan were strong on the report that White Caps was likely to pick up the lowest level ledge found above. The same reason caused Manhattan to stiffen.

MANY DESERTION CASES RECORDED

Out of the total number of men registered in Nevada under the selective service act 1328 have been classified as deserters and the commanding officer at Camp Lewis will determine whether they are to be court-martialed or discharged from the army. The maximum punishment for desertion in time of war is death and there have been many cases during the last year in which sentences of twenty years' imprisonment have been imposed. Many of the men listed as deserters on the records of Adjutant General Sullivan, who is compiling data on all the cases for submission to the war department, enlisted before the time arrived for filling out questionnaires, and as those cases appear the record will be cleared. The entire files of all cases listed as deserters will be forwarded by local boards to the adjutant general who will transmit his report to the commanding officer at Camp Lewis.

Of the number listed as deserters 882 are in the registration of June 5, 1917; ten of June 5, 1918, and 412 of September 12, 1918.

ELKO MAN DROPS OVER 4000 FEET

Captain Morley Griswold, who left here in August, 1917, returned Monday evening coming direct from New York, where he arrived on December 24 from overseas. He filed his resignation with the war department, which was granted but a few days ago. He has taken over the place of Senator Henderson.

Morley was among the first of the young men from Nevada to answer their country's call and his application for entrance into an officers' training camp was accepted and he left here in August, 1917, going to the Presidio, Cal. In England he had an experience few aviators have had and escaped to tell the tale. One day he and a pilot were making a practice flight and had reached an altitude of 4000 feet, when the "joy stick" of their plane became jammed and they lost control. Stopping the engine they went into a nose spin for 800 feet, then coming out of it and again regaining control, but losing it within a few seconds, going into another nose spin, and when about 50 feet from earth, by using their rudder, coming out of the spin and assuming a vertical position. The plane was going at a tremendous speed when they flattened out, and they were so near the surface that in less than 50 feet the plane struck a tree and went smash, just like paper, throwing Morley out away from the plane, while his companion was caught and killed in the machine. Morley was picked up and was uninjured with the exception of a wrenched back and minor bruises, and in a short time reported for duty again—Elko Free Press.

CONFLICT OVER MUSHETT NAMED SCHOOL TRUSTEE

Harry H. Atkinson, district attorney, has taken the stand that a special election cannot be held in Nye county in less than fifty days owing to the election laws stipulating that the event must be advertised 30 days and that 20 days must be allowed for registration. On top of this the law provides that the vote cannot be canvassed until ten days after election and that experience has shown that the back districts of Nye county are never heard from before the limit. This would make 61 days before the certificate would issue. This would bring the winning candidate to within a few days of the close of the assembly when no new legislation is considered. Owing to the insistence of the Republicans that an election be held, the entire matter was submitted to the attorney general for an opinion which he was urged to send by telegraph. In the recent election in Storey county, those regulations were not followed as the official notice of the election was printed for the first time on December 11 and the election was held on the seventh of January. Twenty-eight days elapsed from the governor's proclamation until the day of election. This included all Sundays.

INFLUENZA HOLDS OUT IN MILD FORM

Dr. C. J. Richards reported five new cases of influenza this afternoon. None of these have any serious symptoms and, in the cases of children the recovery is taking place in remarkably short time. The new patients are: Mrs. Stella Raymond, St. Patrick street; Winifred Lemm, 4th & Angle street; 14 months; Mike F. J. Kerns, stenographer of the Tonopah Mining company and Joseph P. Burgess, a timber framer in the Victor mine. The latter is supposed to have contracted the disease while nursing his children who were taken down in the early part of the week. The younger folks have come through or are in a fair way to recovery and Mr. Burgess is said to have only a mild form of the complaint.

MRS. O. STEWART IS NOMINATED

Mrs. Oline Stewart, widow of the late Senator J. W. Stewart, was the unanimous choice of the Nye county Republican central committee last night for the vacancy created by the death of her husband, W. W. Booth, of the Bonanza. Mrs. Stewart was requested to present Mrs. Stewart with a copy of the resolutions and secure her answer. This will be done after Mr. Booth arrives in Bridgeport to attend the funeral.

The meeting opened with Hamilton Gold, acting as temporary chairman. An informal discussion ensued during which it was evident that the committee had but one opinion and that was in accord with the resolution finally adopted. The first business was filling vacancies on the committee which was done by the selection of William B. Evans, Carl Fuetsch, Harry R. Grier and John Sellstrom. Judge Grier then was elected permanent chairman and the main business of the session was called up with a motion that nominations be received for the position of member of the Nevada senate to fill the unexpired term.

Stewart's name was the only one mentioned. Then a committee consisting of Judge Harry Grier, Fred Ninnis, Hamilton Gold and William B. Evans was appointed to confer with the Democratic county central committee to have the nomination of Mrs. Stewart ratified by that body.

PAROLE GRANTED
Judge Averill has paroled Jose Sanchez on the score of good behavior and from representations that his future conduct would be vouched for by responsible citizens.

BANK BUFFET MOVING TO MASONIC TEMPLE BUILDING

The Bank buffet on Main street closed this afternoon to permit the fixtures to be removed to the former place occupied by Walter J. Drysdale in the Masonic Temple building. The place will be furnished as one of the most attractive lunch rooms and rest rooms for ladies and families and will open January 10th. adv. J102f

Lee L. Mushett, former secretary of the Nye County Council of Defense, has been appointed school trustee for school district 21, completing the membership which has been since the departure of O. McCrany who was transferred to the Shawmut mine from Manhattan. Mr. Mushett is one of the pioneers of the camp and well versed in the requirements of the rising generation. After he was sworn in Clerk Lynch of the board mildly informed him that hereafter he would have to be sworn at for any troubles that may occur in the Tonopah district. The appointment was made by T. W. Chapman, superintendent of the southern district.

PAY DAY SWELLS ARMENIAN RELIEF

A commendable feature of this morning's pay day in Tonopah was the activity of the mine employees to put their names down on the list for the Armenian relief fund. The amount was not much and the boys came through cheerfully with the dollar apiece for which they were assessed. The donation was voluntary and those who had too many demands on their wages through the presence of sickness in the family were readily excused from giving anything. The payroll was not as large as some others that have made the camp famous owing to the ravages of influenza caused by the ravages of the disease. One cheerful sign was the fact that the payroll of the companies operating in the Divide district, all of whom transact their banking business in Tonopah. Business men report good trading and the brokers say they have not had such a day for many months. The money went into circulation and everybody was made happy with a share of the earnings.

SNOWFALL NORMAL ON WATERSHEDS

About 20 per cent of the season's snow fall is now on the ground in the mountains, according to Dr. J. E. Church, director of the Mt. Rose observatory for the weather bureau. There is three feet of snow at the 9000-foot altitude on the level with deep drifts in places. He estimates that at the rate the snow is accumulating on the water sheds now that the season's fall will about average. The months of January and February are the snowfall months for this section and all indications point to a heavy fall in the time remaining.

RULING ON WATER FOR 13,306 ACRES

The decision handed down by Judge Taber Monday in the famous Quinn river water suits, is one of the largest and most important suits ever brought on the Pacific coast, and the most important ever brought in this state, involving the water rights of Quinn river and its tributaries to 13,306 acres in the Quinn river valley, extending more than 100 miles from the Oregon line south down into Humboldt county, says the Elko Free Press.

This suit was started in 1907 and the first testimony was taken in 1913-14. It was argued for one whole week in 1915, before Judge Taber, who was called in by Judge Decker, the most prominent attorneys on the coast appearing for either one side or the other. The briefs consisted of over 600 pages of printed matter, and the transcript totaled 3200 pages of typewritten manuscript. The heart of the opinion is contained in the following: "One second-foot for each 70 acres, measuring the water at the places where it is diverted from the stream, is fixed by the court as the duty of water for the purposes of this action."

The court directed that each party to the suit pay his own costs and disbursements.

AL FREVERT DENIES RUMOR
Al Frevert, of the former Hall Liquor company wishes it understood that he is not a candidate for the office of state senator and that he never contemplated such action.

PERSONAL

DR. GEORGE P. DE VINE, the ophthalmologist, is registered at the Mizpah for a three-day stay.

EDDIE J. ERICKSON, son of the mine operator, now in his fifth week suffering from typhoid fever, this morning developed a high fever.

ROBERT E. CONNOLLY, publicity man for the San Francisco stock exchange, came in this morning to look after mine developments here and at the Mayflower.

E. H. McMURRAY, who is interested in the Mayflower mine, left this morning for New York where he does with the intention of listing the stock of the company.

ROBERT M. PIERCE, of the law firm of Cheney, Downer, Price & Hawkins of Reno, arrived this morning from the north to look after a habeas corpus in the district court.

GEORGE F. BLAKESLEE, the well-known pioneer jeweler of Tonopah, who is still interested in Main street realty, was among the arrivals this morning from Los Angeles.

D. H. WALKER, manager of the Spanish Bell mine at Barcelona, who has been confined to his room in the Mizpah hotel for a week, showed decided improvement last night but suffered a relapse this morning when a fever appeared.

MAYFLOWER EXPECTS TO CUT VEIN SOON

Manager J. B. Kendall of the Mayflower company wired from the mine this morning that the property was looking better than ever before and that he expected to reach the vein any moment in the near future.

The message reads: "Confirmation of wire. Four feet in 405 north drift, 400 level, value \$35, 305 raise; 200 level north, value \$17.30, 501 cross cut in 12 feet and expect to cut vein at any time."

DEATH OF MRS. LEA AFTER SHORT ILLNESS

Mrs. Sarah E. Lea, wife of Harry E. Lea, watchman of the West End Mining company, living at 309 Central street, died last evening at 7:30 from pneumonia which had developed during the week. Mrs. Lea was 72 years of age and of delicate build so that she could not offer much resistance to the dreaded disease which carried her away. For a time yesterday there was hope of her recovery as the patient manifested decided improvement but as the day passed it appeared that the end was rapidly approaching.

Mrs. Lea was born in England and spent some time in Virginia City before coming to Tonopah with her husband who went to work for the Tonopah Mining company in charge of compressors under William Bozarth, the master mechanic. Eight years ago he changed to the West End as watchman and in charge of the compressor.

Book of the Universe.

It is from the study of the true theory that all our knowledge of science is derived, and it is from that knowledge that all the arts have originated. The Almighty Lecturer, by displaying the principles of science in the structure of the universe, has invited man to study and to imitate. It is as if he had said to the inhabitants of this globe that we call ours, "I have made an earth for man to dwell upon, and I have rendered the starry heavens visible to teach him science and the arts. He can now provide for his own comfort, and learn from my intelligence to all to be kind to each other."—Thomas Paine.

Dance at the Airdome Saturday night. J102f

IMPORTANT SCHOOL NOTICE

A new beginners' class will be organized Monday, January 13, for children who are now six years of age or who will be six years of age before May 1. Children who do not enter this class next week will be asked to wait for another such class to be started in September. Children coming six on or after May 1 will likewise enter the September class instead of the class starting next week.

GEO. L. DILLWORTH, Superintendent. adv. J9

TONOPAH & GOLDFIELD RAILROAD

Train 23 leaves 9:30 A. M.
Train 24 arrives 6:05 A. M.
Daily Except Sunday
Tonopah & Goldfield Railroad

WHAT'S WHAT

By L. L. Mushett

Vol. 2, Tonopah, Nev. Jan. 10, No. 3

We have a lot of first class re-laying 8-pound rail for immediate delivery. They are the best we have had and the price is lower.

Also, some more extra heavy corrugated iron in 8- and 10-foot lengths. This iron was taken from a steel frame building and lays just like new.

Atkins-Kroll & Co. has given us instructions to sell its stock worth several thousand dollars and to MAKE OUR OWN PRICES. That means that you can buy a lot of mine supplies cheap as dirt. There is a bunch of enamel dishes in the lot and all kinds of big cooking utensils.

One 10-hp. gas-drive engine.
One 20-hp. gas-drive engine.
One 12-hp. Fairbanks gas hoist.
Two 25-hp. Fairbanks gas hoists.
One 18-hp. Western gas hoist with small head-frame, buckets, bucket truck, top car, etc.

Lots of motors from 5 to 30 hp.
Mine buckets, all sizes, with or without lugs.
Top cars, big and little.
All kinds of electric fixtures for the mine.

One ton of assorted insulated wire.
One complete No. 2 electric hoist with 15-hp. motor.

Plenty of pipe all the time.
One 4x4 cage with chairs (first class) 2.

One Sullivan D. 21 stoper (demonstrator), good as new, worth \$175, for a hundred bucks.
All sizes Sullivan drills carried in stock.

Several crushers from small Blake type to big gyratories.
Six good Johnson vanner concentrators complete.

Maybe we have anything you want.
TONOPAH MACHINERY CO.
T & G Yards, Tonopah, Nevada.

OVERSUPPLY OF LABOR NOW AT VIRGINIA CITY

Notices are being sent out by the secretary of the miners' union at Virginia City urging all miners looking for work to remain away from the Comstock as there is already an oversupply of labor there.

During the past few weeks there have been quite a number of men looking for work here who found that there were no jobs available.

OSCOZ WILL PROBATED

The will of the late Manuel Oscoz, a young sheepman who died in Reno leaving an estate valued at \$40,000, was admitted to probate this morning by Judge Averill and the clerk was instructed to post the usual notice.

SOLDIERS AND SAILORS

The U. S. employment bureau has organized a local labor bureau in Nye county for the purpose of aiding mustered out and returning soldiers and sailors in being reinstated in their former positions, or in obtaining other suitable employment.

All returning soldiers and sailors needing or desiring the assistance of the U. S. Labor Bureau will please call at the office, room 505 State Bank Building.

H. R. COOKE, Chairman.
L. L. MUSHETT, Secretary.
adv. J10f

Two-room house, furnished; South St.; \$10.

Four-room house, furnished. University st.; \$20.

Five-room furnished modern adobe house; piano; garage; fenced in yard. Edward st.; \$35.

AMUSEMENTS

THRILLING PICTURE FOR BUTLER RE-OPENING

An absorbing narrative of the desert in the days of the gold rush is that of "The Tiger Man," starring William S. Hart, which will be the attraction at the Butler theater today. In this remarkable photoplay Mr. Hart portrays the role of a notorious bandit, who is regenerated through the religious fervor of a beautiful woman. The picture is filled with incidents of unusual interest and great dramatic power. The picture was made in New Mexico with its picturesque adobe towns and the no less picturesque characters made famous in song and story and picture. Some exquisite, albeit rugged scenery has formed the setting for the picture, and Hart is supplied with a role that is no less rugged than the background against which it is thrown in strong relief. It is a typical Hart production—never anything but a good one.

Paramount-Bray cartoon comedy will also be shown. Tomorrow, an Alaskan picture of the Yukon country.

AT THE AIRDOOME

The postponed New Year's Eve ball will be held at the Airdome, Saturday night, January 11. Bring your horns, whistles, co. fetti and serpentine, and have a good time. adv. J102f
